

A POSITION pays a SALARY, and a JOB pays WAGES.

NOT to know or to be able to find, earn or gross to be a very serious thing in due time—usually in a very short time.

It's getting so nowadays that about all positions and about all jobs are hunted and found through want advertising. To omit it in your "work hunt" is to throw away about 99 per cent of your chances of success.

TERRIBLE SKIN HUMOR 25 YEARS

Business Man Suffered Agony—Head, Neck and Shoulders Covered—Became An Object of Dread—Consulted Most Able Doctors and Hospital but Got No Relief.

SURPRISINGLY QUICK CURE BY CUTICURA

"Cuticura did wonders for me. For twenty-five years I suffered agony from a terrible humor, completely covering my head, neck and shoulders, so that to my friends, and even to my wife, I became an object of dread. At large expense I consulted the most able doctors far and near. Their treatment was of no avail, nor was that of the hospital, during six months' efforts. I suffered on and on, and concluded there was no help for me this side of the grave. Then I heard of some one who had been cured by Cuticura. Remedies and thought that a trial could do no harm. It is a surprisingly short time I was completely cured. S. P. Keyes, 147 Congress St., Boston, Mass., Oct. 12, 1909."

CURED BOILS With Cuticura when Everything Else had Failed.

"I am very grateful for Cuticura as my daughter had been suffering for eleven months with awful great boils on her body. We tried everything which one could mention but nothing was any good. The boils made her very weak and ill and she had to leave her place. After using one tablet of Cuticura Soap, one box of Cuticura Ointment, two vials of Cuticura Pills and one bottle of Cuticura Resolvent, the great boils were all cured. I should have written to you before but have been waiting to see if she had any sign of any coming back. My daughter is now well and happy. Mrs. Ellen Heather, 1414 E. 15th St., St. Paul, Minn., June 29, 1909."

Marion, July 6.—That Hollingsworth family, or at least that portion of it with the Newark team, gave the Diggers an awful battle yesterday at the park in both games of a double header. Neither contest was won by Marion until the closing minutes.

The Hollingsworths were there. No mistake about it. Ray worked in the second game and O'Connell in the first. The former was perhaps more effective than the latter, but even at that both did stellar work, and their pals, the "pepper" boys, did a lot of valiant service behind them.

Joe Lewis, the over whom a hoodoo seems to hang of late, worked in the first game for Marion and in the second, Snooze Goulait was the tipper. Joe was steady as clockwork most of the way. A lucky hop taken by Kendall's hard smut to right in the 5th inning put the callers on a parity with the locals and it remained for Bill Johnstone to do the finishing work on a ninth inning rally. Brilliant fielding feats marked the play of both the teams.

THE FIRST GAME.
Diggers got one in the first inning on Charley Hollingsworth. But it was not the pitchers' fault as Meyers' kick of Hummel's roller let the Digger get on. He went to third on Reilly's single and then Hous and Emmett worked the double steal, Hummel counting. Meehan was passed but Johnstone failed to keep the rally going.

Ayette walked and stole second in the next, but died there. In the third Epier led off with a safety to center, and went to third when Hummel beat out his roller. Reilly doubled and the bricks were full. Meehan hit to Conley, whose flip to Anderson forced Epier and Johnstone, breezed, while Ayette fouled to Anderson. This to show you how tight that Charley Hollingsworth was.

In the fourth the old army game went through. Weller got a pass and Lewis sacrificed. Colligan's out put Weller on third and he scored when Epier beat out one to Reihl. Hollingsworth failed to cover the bag on this play or there might have been a chance to get Gloomy Gus.

Diggers had no difficulty getting runners on—the trouble was in getting them to their destination. They had them on in every frame, but Hollingsworth and company were seated firmly on the old lid and each time the stuff was off.

In the first three innings the first Newark swat boy reached first. But Joe Lewis proved an enigma in those minutes. In the fifth and sixth there were Molders ready to count, but Joe again steered out of trouble. Then came the joy-revealing eighth, but as after events proved the eighth merely kept up the interest until the finale.

In that eighth Ayette took C. Hollingsworth out of the way by making a swell catch of his fly. Nally, ex-Toldeoan, ex-Dartonian and ex-Mansfield, who joined the Molders here, took transportation. He was forced by Meyers. Kendall, at times a clouting demon, laced sharply to right and the ball hopped high, bounding over the right field fence a few inches from the foul post. The drive tied the score.

It was Meehan and Johnstone who executed that ninth inning rally unaided except by fanbugs who yelled lusty encouragement. Meehan beat out a drive that Conley managed to knock down, close to third base. The little fellow stole second and scored when Bill Johnstone rapped one into the left field corner of the yard.

A one handed throw by Ayette, followed by a pretty throw to first that robbed Anderson of a hit in the fourth was a feature of the game aside from the base running of the Diggers. The score:

THE SECOND GAME.

And the second was like unto it. Diggers copped, but not until Newark had caused all of the heart disease boys to quit the park. Twice the bricks were jammed with callers. But only one was able to register. Some happy fielding helped out the little Pitchman, but in the closing round when Marion's one run threatened to look like the proverbial 35 cents, it was those supporters of his that got Goulait into trouble.

Molders developed a habit of getting on and it took some mighty hard work to keep them away from the five plate. On the other hand Diggers had a mighty hard time getting on the way Ray Hollingsworth was serving them up and when they did get on Hous generally, was able to preserve the family honor and close the gate.

Marion did not get a runner as far as second until the 4th and then Epier, who singled, was sacrificed by Hummel and died at third after reaching there on Reilly's hopper to Hanna. The real happenings were in the fifth when Johnstone got a life on Conley's high heave to first let Bill go on to second. Ayette and Weller lotted flies that were easy, but Goulait sent a beautiful one to right center for a base, scoring Epier and winning his own game as later events proved. The Diggers broke through in the one real opportunity given them—the first wobble by the visiting team.

After Nally struck out in the first inning—a bad omen for the opposing team, they say in base-ball, but not so in this case—Meyers got hit and Kendall beat out a little "swinging bunt" to Goulait, sending Meyers to second. Ayette, with the aid of Hummel and Johnstone executed a fast double play on Goshorn's roller and the danger was over for a minute, or two.

Anderson breezed to open the second and Goulait passed Franken. Goulait then managed to knock down Conley's drive so that Ayette could get it and flip to Hummel for a force of Franken and Hummel's relay to Johnstone was ahead of Conley, completing a lightning double play.

Reihl walked in the third and Hous fanned, trying to sacrifice. Nally singled through short, sending Reihl to third and the new Molder closed the gap with a theft. When Meyers was nipped in the nose by a fast inshoot the bricks were full with but one out. Here Goulait arose to the occasion and fanned the mighty Kendall while Goshorn's best was a hopper to Weller that resulted in Nally being forced. In the sixth of the seven frame encounter, Meyers walked and Kendall singled to right, sending Meyers to second. Goshorn's out advanced the runners, but they died where they stood while Ayette threw out Anderson and followed it by making a grand catch of Franken's fly back of third.

Newark gave the fans another tense period in the ninth and even the sky looked like it belonged to the callers. Weller's error let Conley have life, the second reaching second. Reihl batted batted for Hanna and fanned. Clicking, hating for Holly, was more fortunate, as Ayette booted his roller, letting Conley slide to third. Clicking stole, then Nally was passed. An attempted squeeze was broken up by Goulait's fast fielding and Conley was forced at the rubber. Once more the mighty Kendall was up in a crisis and once more Goulait put on all of the speed at his command and Kendall again was a strike-out victim. Thus Kendall hit twice in this game, yet failed to even touch the ball when it was most needed. The score:

FOX ARRESTED FOR SWEARING

East Liverpool, July 6.—Manager George E. Fox of the Mansfield baseball club was arrested by the direction of Mayor J. L. Pyle of Chester, W. Va., at the end of the fifth inning of the East Liverpool-Mansfield, O. P. league game yesterday afternoon for swearing. He was escorted from the ball field by a cop and last night said he would have had in jail had not a local hotel proprietor put up bond for him. Fox disputed a decision of Umpire Lindsey, who made no move to put Fox out of the game after he had cursed. His arrest followed.

TEACHERS PETITION FOR RAISE

Grade Teachers Present at Meeting of Board of Education—Number of Contracts Awarded.

A regular meeting of the Board of Education was held Tuesday evening. Present, Messrs. Kibler, Beggs, Broome, Conrad, Miller and Keller. Minutes read and approved. Bills amounting to \$27.17 allowed. Mr. Kibler as chairman of the insurance committee, reported that the insurance companies have raised the rate of insurance on the high school from \$1.05 to \$2.40 per \$100, and that policies on the building amounting to \$7,500 expired on the 14th of this month, and requested the action of the board on the matter. It was the sense of the board that the proposed rate is exorbitant, and as the total insurance on the building is now about \$31,000, the board decided not to renew said insurance of \$7,500.

The bids for renewing front steps of Central school were reported to the building committee, because no specifications as how the work shall be done accompanied the bids, and the board was not able to determine which is the best bid.

Bids were opened for the erection of closet annexes to Central and East Main street schools; also for the plumbing and installation of closets. They were as follows:
W. P. Ferguson, on annex to Central school \$1567.05
W. P. Ferguson, on annex to East Main St. 1252.28
Ernest Settle, on annex to Central school 1347.00
Ernest Settle, on annex to East Main street school 1198.00
W. J. Henderson, for plumbing and closets, Central 1401.20
W. J. Henderson, for plumbing and closets, East Main 1344.00
Charles Foster, for plumbing and closets, Central 1774.40
Charles Foster, for plumbing and closets, E. Main 1565.40
John J. Pryor, for plumbing and closets, Central 1695.00
John J. Pryor, for plumbing and closets, East Main 1465.00

The contract for plumbing and closets was awarded to W. J. Henderson on condition that the building committee first inspect and approve the closets bid on by him. The contracts for the erection for the annexes was awarded to W. P. Ferguson because objection was made to Mr. Settle's bid for the reason that it did not comply with the terms of the advertisement in that it was not accompanied by a certified check for \$200 as guarantee of good faith, etc. Mr. Settle's bid was also irregular in that his bids on the several items for labor and material were higher than those of Mr. Ferguson and amounted to much more than his total bids.

Mr. Keller reported for vacancies in the high school caused by resignations of men teachers, and by refusal to accept the election at the salaries fixed. On motion of Mr. Beggs the board decided that these vacancies should be filled by men and instructed the superintendent to look for suitable men to fill the vacancies.

The board had the pleasure of being waited on by a committee of about 25 teachers from the elementary schools. Through Mrs. Annis R. Lawhead they presented an eloquent argument in favor of an increase of salaries, which was supplemented by a petition favoring the increase signed by about 150 professional and business men of the city. The caption and argumentum and hominem of the petition is signed on behalf of The Newark Grade Teachers' Association by Miss Katherine G. Gilbert, president, and Miss Marie B. Lawhead, secretary.

The petition was referred to the committee on teachers and salaries. Explanations were, however, made to the petitioners by Mr. Beggs and Mr. Keller of the committee, that while they recognized that teachers were generally underpaid for their services to the public, yet the limitation put upon taxation by law and by regard for the taxpayers are such that the committee could not recommend more of an increase for the ensuing year than had already been granted by the board.

Following is the resolution presented to the Honorable Board of Education, Newark, Ohio. Gentlemen:—Whereas, the petition recently presented to your body, requesting a substantial advance in salary, has not met with the response for which we hoped.

We beg to bring to your attention a few facts. The request for a considerable increase in salary is, we consider, a perfectly justifiable one based on an actual need, due to the great advance in the cost of living. We have not a living wage.

The whole country is awakening to the fact that the most important institution in a democracy today is the public school, and intelligent communities acknowledge that the greatest factor in the school is the teacher.

Current magazines such as the "World's Work," "The World Today," and "Lippincott's" have had a series of articles on this question, and in each, a strong plea was made for more efficient, higher salaried teachers.

It is absolutely true that an underpaid, overworked teacher cannot do good work. The best teachers cannot be obtained nor retained long at low salaries.

The women working in the grades bear the brunt of the educational system. The tax on body, brain and nerves is very great. At least, they should be sufficiently compensated to enable them to be free from financial worry.

At present the salaries paid throughout the grades are not only

inadequate to support them, we might say decently, but are also insufficient to enable them to refresh themselves and benefit their pupils by travel, summer courses at college, music and even good literature.

Therefore, we earnestly entreat that as you reconsider our request you will so substantially increase the salaries of this body of teachers that Newark may no longer be classed as one of the cities in Ohio which spends the least for educational purposes, but may hereafter rank with the best.

(Signed) The Newark Grade Teachers' Association.

President, Katherine Gilbert, Secretary, Marie B. Lawhead.

NO GAME TODAY.

There is no game today at Wehrle Park on account of rain. A double header will be played with Portsmouth Friday afternoon. The first game being called at 2 o'clock.

SHORT SPORT

They failed to stop the fight and now they want to stop the pictures. Who wants to see them anyway, since big Jeff lost?

Those two defeats at Marion yesterday were heart breakers. The Newark boys had the Marion fans on the anxious seat during all of both games. That \$117,000 is pretty good bait for a black eye, a bloody nose and a few loose teeth. But Jeff isn't satisfied, and neither are his friends.

Link's widows lost the game for Cleveland. He passed nine men in five innings. Newspaper notes over the circuit contain the rumor that "Honey" Bell, late of Louisville and a former Pittsburgh star, will manage the Links.

As this paragraph is being written it is evident that the weather man is the best bet on this afternoon's game at Wehrle park.

In Woman's Realm

Mr. and Mrs. H. L. Swartz of 73 Grant street delightfully celebrated their twenty-fifth wedding anniversary at their home on the Fourth of July with a dinner to which about a hundred of their friends were invited.

The tables were arranged on the lawn and were elaborately decorated with cut flowers and greenery. The "bride's table" looking beautiful with strands of red, white and blue crepe paper draped to the four corners of the table and having as its centerpiece a huge pyramid of roses, carnations, sweet peas and greenery amid which peeped many tiny flags. The favors were carnations and all the guests did justice to a four course dinner of complete appointments.

Mrs. Forest Swartz presided at the punch bowl arranged under a bower of flags and flowers and the ladies assisting the hostess in entertaining were Mrs. Edwin Smith, Miss Elizabeth Yantz, Misses Fannie and Grace Gray of Jacksonton and Miss Nellie Cooper of Mooresville, Indiana.

The evening was spent in enjoying an elaborate display of fireworks. The host and hostess were the recipients of many beautiful gifts from their friends in remembrance of the day, including silver, cut glass and hand-painted china.

Those enjoying Mrs. Swartz's hospitality were: Mr. and Mrs. Edward Smith, Mr. and Mrs. G. W. Singer, Mr. and Mrs. Charles Mackham, Mr. Uras Howard and family, Mr. and Mrs. Fred Boller and daughters Gertrude and Dorothy, Mr. and Mrs. Mont Jenks, Mr. and Mrs. L. W. Nibling, Mr. and Mrs. W. J. A Paris letter appearing in Sunday's New York World has the following to say: "Archibald S. White of New York City, whose husband is so well known in Newark, where he spent his younger days."

"Mrs. Archibald S. White, a charming product of Brooklyn, once a songstress of more than local celebrity, has been entertaining a great deal this season."

"She was Miss Olive Celeste Moore, and sang most successfully with the Bostonians and other opera companies. Her husband is a banker at No. 25 Pine street, New York, and a director in many corporations in several American cities."

"Mrs. White gave this week a dinner followed by a large reception at which Mme. Bathily, one of the most delightful of Parisian actresses, recited and sang."

"Mrs. White's principal guest was the Duchess d'Orzes. They have become close friends and are often seen together at entertainments. In the fashionable set of which the Duchess d'Orzes is the leader."

"Mrs. White has not given up smoking. She is studying now with Jean de Rezkle, though she has no intention of returning to the stage."

"Mr. White is expected here soon to take her to his camp in the Adirondacks."

LYBERGER-PENNICK

On Thursday, June 30th, Rev. H. C. Stockenberg of this city united in

marriage at his residence Mr. Clyde Lyberger and Miss Genevieve Pennick, both well known young people of Newton township, and where they will make their future home on the groom's farm.

BEIRO-STAGER

A wedding of much interest in the Hungarian colony of this city was that celebrated with a mass in St. Francis de Sales church Saturday morning at ten o'clock by Rev. F. M. O. Boyten. The bride, who just came to Newark from the old country a month or more ago, looked beautiful in a chiffon gown over silk and wore a full length veil held in place by a wreath of orange blossoms. The young people were attended by a couple of their most intimate friends, and the ceremony was witnessed by a few of the immediate relatives. The groom is a popular member at the Wehrle company. Mr. and Mrs. Beiro went to housekeeping at once in their new home 151 Jefferson street where at six o'clock that evening a wedding celebration and elaborate feast was held.

PAGE-HOLTSCHULTE

Nuptial high days were celebrated at eight o'clock Wednesday morning by Rev. E. M. O'Brien in St. Francis de Sales church for Miss Rebecca K. Holtschulte, daughter of Mr. and Mrs. Frank Holtschulte of 71 Leroy street, and Mr. William Page, son of Mrs. Kate Page of 147 Ash street and who is night foreman at the American Bottle company.

The bridal party entered the edifice to the strains of Lohengrin's wedding march and a number of sweet vocal selections were rendered during the ceremony. The bride looked charming in a white lace robe over white mesaline and carried a shower bouquet of sweet peas. A tulle veil was held in place by a wreath of orange blossoms. Her attendants, Misses Anna Dold, Dora Eatchen and Kate Holtschulte were pretty but not in white. Their bouquets of white sweet peas and their hair were adorned with white azaleas. The groom's attendants were Messrs. Theodor Ratchen, Harry Kraft of Columbus and Peter McKenna of Poughkeepsie, N. Y.

Following the nuptial service a wedding breakfast was served at eleven o'clock to the bridal party and about fifty guests at the home of the bride's parents. The rooms were artistically decorated with smilax and sweet peas and the bride's table looked exquisite in its elaborate trimmings of the same flowers and greenery.

Mr. and Mrs. Page left at noon on a short wedding trip to Toledo where they will visit with relatives. They expect to return Saturday and will go to housekeeping at once in a new home which they have previously furnished at 355 Clinton street. Mrs. Page's going-away gown was fashioned of gray pomella cloth and her hat was of black lace.

CROWE-KRAMFOTH

A quiet though very pretty nuptial event occurred Wednesday evening June 22 in Grace Methodist church after the evening service, the interested parties being Miss Minnie Kramfoth of Kiersville, and Mr. Orin Crowe of Newark. The happy couple stole a march on their most intimate friends by coming to this city and having the nuptial knot tied. The rite ceremony was performed by Rev. Wallace W. Frost, Mr. Harry McLaughlin and Miss Dulah Wagner, cousin of the bride, being the attendants. The bride wore a gown of pale blue silk. She is a graduate of the Kiersville school and has also been a valuable teacher. After a short visit here and at her home in Kiersville, the happy couple will be at home to their friends in Newark.—Lancaster Eagle.

ROOSEVELT REBUKED.

Former President Roosevelt's first swing of his political big-stick after returning from Africa was to dictate to the New York legislature, which he told to support Governor Hughes in the effort to pass a direct primary bill. The reply of the lower house of the New York Legislature to Roosevelt's dictation was a stinging rebuke, the vote being 50 to 43.
And yet some Republicans are talking of bringing Roosevelt into Ohio this fall to big-stick the voters into defeating Governor Harmon if possible.

They are not afraid of the big-stick in Roosevelt's own state and nobody feels uneasy about it here in Ohio.

"YOU'D SCARCE EXPECT," ETC.

Longworth, the sonless son-in-law of the great rantier about race suicide is to be the chairman of the state convention being arranged in Washington to be held in Ohio the latter part of this month.

It is to be hoped that Nick will not forget his speech as he did in the convention two years ago. For his own safety, however, he had better be sure the manuscript is in his inside pocket.

All this talk about Nick having a chance to rush the convention off its feet and stampede it with a wonderful burst of oratory into nominating him for governor, is amusing to those who heard Nick's "verse of oratory" in the convention two years ago. Nick ought to begin his speech this way: "You'd scarce expect one of my age to speak in public on the stage," etc.

Only \$120,000,000! That's all the wearers of ready-made clothing will have to pay this summer in excess of former prices as a result of the passage of the Payne-Adams tariff bill.

THEY PRACTICE TO DECEIVE

After congress adjourned "Inelo Cannon announced that he will be a candidate for speaker if re-elected this fall. "God willing, I'll be here next session and it will be for the Republican majority to determine who shall be speaker," he is quoted as saying.
Speaker Cannon is to open the congressional campaign in Ohio with a speech at Urbana.
And the people of Ohio are expected to believe the stage whisper promises of Republican candidates for congress from this state that they will be "avin Cannon" for speaker if they are elected. Evidently these candidates laugh

up their sleeves and say "What fools these voters be!"

In the briefest interview ever vouchsafed by him Mr. Roosevelt nevertheless found opportunity to attack to at least one statement the stigma of being absurdly and unqualifiedly untrue." He referred to the report that Governor Hughes' disinclination to give up his Supreme Court seat and return to politics had made him (Mr. Roosevelt) feel sore. What else passed between the "ex" and the actual President at Beverly nobody has found out. The best guess is that they spoke

THREE GREAT ISSUES

(New York World.)
"No one can say with any certainty what the great issues will be two years hence," said Mr. Bryan in an interview with a staff correspondent of the World at Montreal.
True; but there is no doubt as to what the great issues will be in the Congressional campaign next fall. They can be expressed in a dozen words:

- 1. The Cost of Living.
- 2. Turn on the Light.
- 3. Retrenchment and Reform.

As the World has said, "The next House of Representatives must be Democratic. Before the people are again summoned to elect a President there must be full enlightenment and education upon existing evils."

The Democratic party need not search for issues in the coming campaign. The issues are already made, and they are issues concerning which there need be no Democratic division, no Democratic doubt.

The thirtieth of May, known as Decoration or Memorial Day.

The twenty-fifth day of December, known as Christmas Day.
Any day appointed and recommended by the governor of this state or the president of the United States as a day of Thanksgiving.
Any day which may hereafter be made a legal holiday shall for the purpose of this division, be holidays. But if any of the above mentioned holidays be the first day of the week known as Sunday, the next succeeding secular or business day shall be a holiday.

CATARRH OF THE BOWELS AND BLADDER

DR. A. L. HUSTON, MARION, O.
Dear Doctor: You will possibly remember me. I knew you and treated some with you when you were practicing at Bellefontaine, O. I lived there myself at the time.

Last October I began taking your Avenatone Tonic for what all the Doctors called Catarrh of the Bowels and Bladder. I just want to say briefly that I took Avenatone every day for three months regularly and continued its use off and on for another two months. In all, five months. It did more than all the Doctors could do or did do in three years' time, for that is exactly how long I doctored with first one and then another. I have charge of the carpenter work here of a large freight house for the B. and O. railroad. Work hard every day. Eat well, sleep well and am in as good health at present as I ever was in my life, and I thank you more than words can express for your Avenatone preparation. I sincerely hope that you may have the best of success in your undertaking, for your Avenatone has the merit to deserve it. Yours very truly,

F. C. MARQUIS, Portsmouth, Ohio.

CITY DADS IN SESSION AT GRANVILLE

Held Short Meeting Tuesday Evening—News of the Historic Old Village.

Granville, July 6. The Town Council met in regular session on Tuesday evening and when Clerk Judson E. Jones called the roll all members were found in their seats, being Messrs. Asbrook, Ferguson, Jones, Particulate, Risher and Thomas, with Mayor Barnes in the chair.

The minutes of the last regular meeting as well as the two special held during the month of June were read by the clerk and approved. The clerk also read the monthly reports of the board of public affairs and the treasurer and clerk, which were received and ordered placed on file.

Mayor Barnes reported that he had collected from fines and rentals during the month of June the sum of \$31. The report was received and filed.

A job in the proceedings Attorney J. H. Davies of Newark, representing the Shephardson Addition company, was allowed permission to speak. Mr. Davies said that in the absence of nearly all the members of the company he had taken it upon himself to say a few words regarding the course of the street, running through the Shephardson Park Addition. He said that he understood that there was a misunderstanding as to the matter, and that he was present to rectify the mistake, if any, as far as possible. He suggested that the council appoint two members of the council to meet two members of the company. The matter was discussed at considerable length and took up the greater part of the evening. The Mayor finally recommended that the street committee meet a committee from the company, at a time convenient to all concerned, and endeavor to come to an amicable settlement of the matter. Prof. Chamberlain, M. P. Ashbrook, Mayor Barnes and other members of the council had something to say about the matter.

The report of the street committee regarding the opening, widening and defining of the lines of Thresher street was adopted.

The ordinance for the payment of bills was read by the clerk and on motion it was placed on its second and third readings and final passage and passed.

Now that the "Glorious Fourth" is over, Granville prides herself on the fact that not a single accident occurred to mar the pleasures of the day. But this can hardly be said of many other places. There were doubtless thousands of sorrowing souls and sore hearts in the land, mourning for loved ones who perished or were injured in the celebration of an event of which one-half the victims did not comprehend the nature. Gradually the day is drawing nearer when all Americans will unite in celebrating the great national holiday in the same sane and safe way Granville did.

The steam shovel has arrived.

Master Frank Hobart is visiting his grandfather, Mr. Edward Hobart, at his home on Centerville.

There are on the rampage everywhere just now it appears from a perusal of the dispatches, and many people have been bitten. Of course, dogs like men, are affected by the hot weather and sultry atmosphere. The fact that a dog bites a person, however, is not conclusive evidence that he has rabies, and not one in a score is afflicted. Still, it is a wise precaution for those who are bitten to have the wounds promptly cauterized.

Mrs. Frank Atwell attended the silver wedding of Mr. and Mrs. Charles Lohr, which was held at their home in Newark on Saturday of last week.

The ice cream social which was given at the home of Mr. Palmer on Burt street, for the benefit of the Welsh Hills band was a grand success both socially and financially. There was a large crowd in attendance and all had a most enjoyable time.

There is a state law which says that no person may build a bon fire in the street or on premises within the corporate limits of any city or town in Ohio, under a heavy penalty, and any person in violation whose neighbor's property is damaged or destroyed is liable to damages, besides being punished by the State. Those persons who are in the habit of making bonfires of their rubbish should not forget these facts.

Mrs. John Thomas and children spent Sunday with Columbus friends.

Mr. and Mrs. Geo. Burbark and children, who spent the Fourth with relatives here, have returned to their home in Cincinnati.

Mr. Bert Edwards and son, John, have been visiting at parents, Mr. and Mrs. John Gung, who are spending the summer at Buckeye Lake.

Mr. Alfred M. Galt, who for the past two years has been a representative of "Badger" Newark, with headquarters in St. Paul, Minn., was in Granville several days, visiting old friends. Alfred is a graduate of Denison, and has a great love for the old town.

One Daisy McKittrick will last all summer. Grand's Drug Store.

OBITUARY

NOAH SNYDER.
Word was received here by Senator W. E. Miller of the death of Mr. Noah Snyder, which occurred at his home in Washington Court House, O., on Tuesday morning at 3 o'clock after an illness of some time of appendicitis, an operation having been performed several days ago. The deceased was a brother of Charles H. Snyder, formerly of this city, who married Miss Fannie Miller. The deceased is survived by his widow and infant child. Senator Miller will attend the funeral, which will be held in Washington C. H. on Thursday.

MISS AMANDA KING.
Miss Amanda King, an aged and well known maiden lady who resided alone near Dry Creek north of the city, was found dead this morning about nine o'clock by a neighbor. The body was lying on the kitchen floor and evidently life had been extinct only a short while. She had been about her household duties and had fallen while at her work, heart disease being the cause.
Miss King was seventy-one years of age. She is survived by a brother living in the Sharon Valley and a brother and sister living in the vicinity of Dry Creek. The late Mr. and Mrs. John King were the parents of the deceased. The remains will be taken to the home of the brother in the Sharon Valley, from where the funeral will be held on Friday, but the hour has not yet been decided upon.

ARCHBISHOP IRELAND BUYS THE FAMOUS OLD SIBLEY HOUSE FOR THE D. A. R.

St. Paul, Minn., July 6.—Archbishop Ireland, wealthy philanthropist, has bought and presented to the Minnesota Society of the Daughters of the American Revolution, the famous old Sibley House at Mendota, former home of the State's first governor, General Henry Hastings Sibley. About it are woven chapters of romance and history of the early frontier days, when the North Star state was the habitation of the Sioux, the Ojibwa and Dakota tribes of Indians. Title to the house has passed into the hands of the society and the house has been dedicated to its use.

The old "stone mansion," seven miles from Saint Paul on the upper Mississippi river will be restored as a memorial to its former owner and will be used as a library, museum, and meeting place for the society which owns it.

The Sibley house was built in 1835 and was the first stone structure in all of Minnesota. General Sibley was a pioneer settler in the American Fur company. Mendota at that time was a frontier town and contained the entire white population of the state, with the exception of the garrison at Fort Snelling, about three miles distant, and of mission workers on the shores of Lake Superior. To the place it was a wonder. It was a great center, presided over by a host who had of the pioneer woods. He reigned lavishly and all who came to the house contained luxuries

which only the East at that time afforded. It had a wine cellar, a French cook and a score of retainers. The library was large and comprehensive and contained the only reading matter in the territory.

General Sibley kept a large stable with fine horses and kennels with the best hounds. Of the famous men and women who stayed there, history has no complete record. Jean Nicolle, one of the French explorers, and John C. Fremont, the "pathfinder" were guests of General Sibley in the thirties. The visit of Fremont occurred several years before General Sibley was married. He described the place as something like a hunting lodge with a large number of dogs, special care being given to fox hounds, which were the companions of General Sibley in his forest wanderings. They were known as "Lion" and "Tiger" and were magnificent hunters. It is told of Lion that after General Sibley's marriage, he ran away from the home and refused to come back to live. The old wolf hound, to his dying day, however, would meet the General in the woods, spend hours with him, follow him as far as the river, but pause at its water's edge and return to his wild home in the woods.

Captain Maryvair, the story writer of two generations ago, and Fredericka Brommer came to Mendota with General Sibley when the latter was returning from a year spent at Washington as representative of the territory in Congress. Predd Scott, the

famous slave, was fed at the Sibley house. Stephen A. Douglas was so taken with Mendota that he made the capital of the territory. Although General Sibley owned 7,000 acres of land and might have made an immense amount of money by allowing the capital to come to Mendota, he refused the action of Douglas, because he had agreed to work for Saint Paul.

The house has stood successively in four territories and a state. This fact was emphasized by Governor Elmer when it was dedicated by the Daughters of the American Revolution a few days ago. He said:

"Five children of the General and Mrs. Sibley were born in one room, the same room in which George, the first was born in five different states. The first was born in Michigan, the second in Wisconsin, the third in Iowa, the fourth in the territory of Minnesota, and the last in the state of Minnesota."

In 1852 General Sibley and his family moved to Saint Paul, and the house a little later passed into the hands of the Catholic church, which at Mendota. It has been neglected from that day until this, and only its solid construction has kept it from decay. A few weeks ago, Archbishop Ireland gained control and presented it to the Saint Paul Chapter, Daughters of the American Revolution, on the condition that it should forever be kept in repair, so long as it would last. The local chapter in turn gave it to the state society and the famous old home is now in its care.

MYSTERIOUS MOORE "MOOREGRAMS" ADVOCATE

The Advocate has received a "Mooregram" from Ernest J. Moore, the magician, from Sparrowsburg, S. C., where he is presenting his most excellent work at Rock Cliff Park. The "Mooregram" is an original and clever advertising idea of Mr. Moore's, and is gotten up in the style of the regular telegram blank, with corresponding envelope, it being a complete ensemble.

Mr. Moore is the son of Mrs. John Moore, of Clinton street, and has accomplished much in his chosen work.

In his message he says: "The sun is shining and everything looks fine. Best wishes to my Newark friends."

"In the signature of the message he signs it 'Mysterious Moore' and Great Moore any more."

It is one of the mysteries of life how two men can make a bargain and both get the worst of it.

MISSION WORKER

Found Living With Young Girl at
Reynoldsburg, Sentenced to Six
Months in Jail.

Columbus, July 6. — For six months Orlin T. Earhart, who formerly lived in the South Side, can meditate and brood over religious ideas which he has been preaching in a mission constructed in South Parsons avenue. He also can think over the dangers incident to trying to maintain a home and family when there is a pretty organist to be wooed and won.
Earhart, his wife and the organist were stars in a little drama staged in juvenile court yesterday morning. Four years ago Earhart was a mail carrier and was happily married, with a family of four bright children. Then a religious mania seized him. He built his mission and preached. Hazel Reuf came to play the organ and Earhart began to neglect his family. Then the government was "tipped off" to his doings and he was discharged. After that he became manager for a West Side grocery. For a couple of years he maintained his home and held regular family worship on the two nights a week he spent there. But he never talked to his wife.
Late he refused to provide for his family and an affidavit was filed. He and Miss Reuf were found living in a flat at Reynoldsburg. She has a ten days old baby. Judge Black sentenced him to a fine of \$100 and six months in jail.

COUNTY FARM FOR EXPERIMENT IN AGRICULTURE

A PETITION IN LICKING COUNTY
WOULD REQUIRE 766 SIG-
NATURES.

Quotation From the Law and Pur-
pose for Which Farm Could
Be Used.

In order to demonstrate the practical application under local conditions of the results of the investigations of the Ohio Agricultural Experiment Station, and for the purpose of increasing the effectiveness of the agriculture of the various counties of the state, the commissioners of any county in the state are authorized and empowered to establish an experiment farm within such county.

The experiment farms established shall be used for the comparison of varieties and methods of culture of field crops, fruits and garden vegetables; for the exemplification of methods for controlling insect pests, weeds and plant diseases; for experiments in the feeding of domestic animals and in the control of animal diseases; for illustrations of the culture of forest trees and the management of farm woodlots; and for the demonstration of the effects of drainage, crop rotation, manures and fertilizers, or for such part of the above lines of work as it may be practicable to carry on.

Upon the filing of a petition with the county auditor signed by not less than five per cent of the electors, based upon the votes for governor at the last preceding election, residing within the county, the commissioners of such county shall submit to the qualified voters of such county a proposition to establish an experiment farm within such county, and to issue notes or bonds for the purchase and equipment of such farm, such proposition to be voted upon at the next general election following the receipt of the petition by the commissioners. Notice of the intention to submit such proposition shall be published by the county commissioners in two newspapers of opposite politics, for at least four weeks prior to the election at which the proposition is to be voted upon, together with a statement of the maximum amount of money which it is proposed to expend in the purchase and equipment of such farm.

To secure an election in Licking county would require a petition signed by 766 electors.
The average wheat yield in Ohio is about 15 bushels to the acre. It should be 25.
The average corn yield is 36 bushels, when it should be 50.
The average oat yield is 30, and it ought to be about 50.

The experiment station will make an extensive exhibit at the Ohio State Fair Sept. 5-9. There the actual results of scientific farming may be seen.

FIGHT FILMS

(Continued from page 1.)
of the fight were dispatched to former President Roosevelt, Governor Charles E. Hughes and Mayor Wu. J. Gaynor, of New York, asking their co-operation in the movement for the suppression of the pictures.

Baltimore May Prohibit Pictures.
Baltimore, July 6.—Backed by the authority of the board of police commissioners, Marshall Farman will request Mayor Mahool to prohibit the proposed exhibition in Baltimore of the moving pictures of the Jeffries-Johnson fight. The mayor says that with formal complaint before him he will stop the pictures.

Marshall Farman said: "I am strongly opposed to having moving pictures of the Jeffries-Johnson fight shown in Baltimore. We have a large colored population here and the exhibition of the pictures might cause racial troubles."

May Prevent Films in D. C.
Washington, July 6.—Moving pictures of the Jeffries-Johnson fight may be barred from the District of Columbia. Police Chief Sylvester has announced that he will do his utmost to prevent the films from being shown here. He fears a repetition of the race riot which took place on the streets Monday when it became known that the negro had won.

Stops the Fight Pictures.
Canton, July 6.—Mayor A. R. Turnbull yesterday announced that moving pictures of the Jeffries-Johnson battle will be barred in Canton theatres. He fears that they might stir up racial feeling. "At any rate I think the fight was a frame-up arranged by bettors," said the mayor. "It would be an insult to throw the pictures in the faces of the people. Some shows have cancelled their orders because the negro won."

No Pictures for Cincinnati.
Cincinnati, July 6.—Mayor Schwab said yesterday that he will not allow the Johnson-Jeffries fight pictures to be shown in this city. The mayor declared the pictures would promote race hatred, and for that reason he would bar them.

New Yorkers Will See Fight Pictures.
New York, July 6.—Mayor Gaynor said yesterday that the Jeffries-Johnson fight pictures could be shown here, so far as he was concerned. He had no more right to stop the pictures, he said, than to stop publication of the story of the fight.

Where Prize Fight Pictures Will Not Be Shown.

Washington, D. C.; Johannesburg, South Africa; Cincinnati, Atlanta, Baltimore, Boston, Lincoln, Neb.; Iowa, entire state; Louisville, Virginia, entire state; Fort Worth, Tex.; Harrisburg, Pa.; Lexington, Ky.

Where Pictures May Be Barred.
Columbus, O.; Compton, Mass.; Detroit, Mich.; Denver, Colo.; St. Louis, Mo.; Los Angeles, Cal.; and Springfield, Mass.

Where Pictures Will Be Exhibited.
New York, Philadelphia, Chicago, New Orleans, Middleton, Conn.; Erie, Pa.; Pittsburg, Pa.; Albany, N. Y.

Atlanta, Ga., July 6.—A bill prohibiting the exhibition of the Jeffries-Johnson fight pictures was introduced in the legislature today and there is every indication that it will pass.

Washington, July 6.—The Pastors' Federation in session today voted to make formal protest to the commissioners and chief of police against the possible visit of Jack Johnson to this city. The protest is on the same grounds as their complaint against the moving pictures of the fight, namely that Johnson's presence might incite race riots.

Akron, July 6.—The board of women's motion picture censors today declared it would not permit the Jeffries-Johnson fight pictures to be shown here.

Columbus, July 6.—Club women, ministers and citizens are taking steps today to have Mayor Marsall prohibit the exhibition of the Jeffries-Johnson pictures here. Speaking for Governor Harmon, George Long, the executive secretary, said today in reply to a request from the National Christian Endeavor Society to prohibit the pictures that he believed the matter was one for local authorities to handle.

WILMINGTON WRECK

(Continued from Page 1.)

sociates of Mr. and Mrs. Garrigue returned from Dayton at 10 o'clock last night, after having satisfied themselves as to the identity of the bodies, and having inquired at the hospital for the seven-year-old son, Wayne Garrigue, who was said to have a fighting chance for his life. One of his arms was almost torn from its socket and had to be amputated at the shoulder.

Only Mrs. Stroup was permitted to see the lad and nurse for only a second. To her the nurse stated that the boy had a chance to live. Wayne is perfectly rational, but he knows no more the loss he has sustained, even to the extent of his own injury. He told his nurse that he was trusting in the Lord and had neither ache nor pain, but could not move one of his arms.

At the wreck one of the rescuers pressed a bottle of whiskey to his lips and urged him to drink, thinking to revive his spent energies. True to the teachings of his church, the friends, in which his parents were leaders, he refused. "I would rather die than touch it," he told the rescuer.

It was the intention of the Columbus friends who went to Dayton yesterday to bring back the bodies with them. A misunderstanding among

the undertakers made this impossible and they will arrive early this morning. Funeral services will be held at the Friends' church in Sullivan avenue, but the bodies probably will not be buried. They will be placed in a vault.

Rev. Mr. Stroup says he does not feel able to take charge of the services and Robert Pelt of the Friends' church, has agreed to do so.

A telephone message from Chicago from the firm with which Mr. Garrigue was employed, indicated that the firm is trying to get in communication with the dead man's parents, who are thought to live at Adrian, Mich. The parents and a brother of Mrs. Garrigue live in Wyoming, but no one in Columbus knows the town or city. The bodies will not be buried until every effort has been made to reach the parents on one side or another.

Local Chinamen are convinced that the man killed in the wreck and credited to this city was Willie Quong, who formerly worked here and who was in Columbus the day he was killed. Quong has lately been working at Springfield and Cincinnati but came to Columbus to spend Sunday and part of the Fourth. He left King Yen Leng's place at 216 South High about 9 o'clock on Monday morning.

He was known at the Chinese laundry in West Rich street, where it is said that Quong was about 45 years of age and that he has parents and a wife living in China. They have sent word to the scene of the wreck that if the body is identified it should be sent to Columbus.

Middle-town, July 6.—Reports from hospitals in Dayton and Hamilton, where many of the 37 victims were taken, indicate that a number of these will die. Some of them are frightfully injured, and no hope is held out for their recovery. All four of the unnamed bodies here were identified. There were Edward Dunleavy, Dayton; Edward Cain, Dayton; William Anzinger, Springfield and Mrs. A. S. Garrigue, Columbus. The wrecking crews worked all night. No more bodies were found in the debris.

Officials are now engaged in trying to place the blame for the wreck. It is known that a misunderstanding of orders caused the frightful catastrophe, but which train crew was at fault, has not yet been determined.
